For Inter- and Multi-Disciplinary and/or Multi-Institutional Grant Proposal Development

I charge a flat rate for substantive editing and assistance with the activities listed below (1-5). I work with PI(s), Co-I(s), and their internal and external partners; this is usually accomplished remotely via computer.

Substantive editing for "Inter- and Multi-" grant proposals includes:

- individual project components (research plans)
- core project opponents (research plans)
- summary statement

Other activities for "Inter- and Multi-" grant proposals include:

1. Grant Proposal Instructions

- Assist PI(s) and Co-I(s) with interpreting instructions and forms as needed

2. Letters of Support

- Draft individual letter of support templates for each partner as needed
- Obtain letters of support on letterhead from each partner as needed

3. Biographical Sketches

- Collect biographical sketches from each partner as needed (internal and external partners)
- Assist partners with developing their biographical sketch if needed
- Edit all biographical sketches to meet grant proposal guidelines
- Format all biographical sketches to meet grant proposal guidelines

4. Facilities Available

- Collect information about facilities available from partners
- Write documents pertinent to facilities available

5. Other Grant Proposal Components

- Human Subjects
- Animal Care and Use
- Planned Enrollment Reports
- Cumulative Inclusion Reports
- Table of Contents
- Other components as negotiated
